Discussion/Action Taken:

Director Elks reviewed the application to the Commissioners and stated that Kenneth Glass was approved for a retail package store license in February, 2009. Director Elks stated that immediately after receiving conditional approval subject to receipt of certain documentation, Mr. Glass submitted a request to transfer locations. Director Elks stated that ironically during the same time period, Mr. Glass was arrested and charged with various felonious charges which involved drug charges and possession of moonshine two days after the application was approved conditionally. Director Elks stated that all the charges that would have prohibited him from obtaining a license have been dismissed. Further, Mr. Glass plead guilty to the misdemeanor charge of possession of moonshine. Director Elks stated that the staff has issued the license at the old location. Because the criminal charges have been dismissed, Director Elks stated that no issue exists with issuing the license to Mr. Glass, and that all of the documentation has been submitted. Commissioner Mathews stated that the Commission has reviewed this application very thoroughly and the Commission's actions are based on the Certificate of Compliance being issued by the City of Kingsport and specific knowledge of the Commission in this transaction. 3. **ADMINISTRATIVE CITATIONS**

• **ALMON MORRIS**

On March 10, 2009, TABC Agent Nina Williamson observed the Respondent sell an alcoholic beverage to the nineteen year-old confidential operative at the retail establishment doing business as Bud and Hal's Liquors, in Memphis, Tennessee. An administrative citation was issued, and remains unresolved at the time of this agenda.

Discussion/Action Taken:

Director Elks stated that Mr. Almon Morris has paid his administrative citation; therefore, no action is necessary.

4. **BUDGET** – Director Elks stated that the staff reviewed the numbers of new licensees that have been issued for liquor-by-the-drink as well as the number of licensees that have been closed since 2006 by calendar year. Director Elks stated that the numbers for such licenses for the retail package stores have remained consistent.

According to tax information beginning in 2004, compiled by the Department of Revenue, approximately \$40.5 million dollars in LBD taxes were collected in 2004. These numbers have increased almost \$55 million dollars in 2008. Director Elks stated that for the fiscal year of 2008-2009 there have been \$40 million dollars collected thus far.

Further, the gallonage taxes for the importation of alcohol spirits have remained consistent. There was \$3.6 million dollars collected last year per month, and approximately 3.7 million per month this year.

The wholesale taxes appropriated to the TABC, have remained also consistent. In 2007 collections averaged approximately \$70,300 per month, and are now averaging approximately \$74,000 per month.

Director Elks stated that the number of cities/towns has passed liquor by the drink and/or retail stores over various years. Since 1995, there has been a 70% increase in cities/towns that have passed liquor by the drink and almost 65% increase in the number of retail stores that have passed retail sales. The number of liquor by the drink licensees have also increased since that same time period. In 1995 the number of LBD licensees has increased almost 44% and the number of retail stores licensees has increased by 14%; however, the number of agents has remained the same during the same time period. The TABC has 36 agents with 5 vacancies. National studies have been conducted that indicate that due to the economy that

individuals may not be drinking at restaurants/bars because the price of the drinks are too high and instead they may be going to the retail store to purchase the bottle and drinking at home. Tennessee statistics similarly reflect national trends.
