- “Search Bar All” will search for your input within all searchable fields (SWC, SWC Description, Supplier, Supplier Part Number, and Item Description)
- The next four search bars will search within each specific field. “SWC Search” will search within both SWC# and SWC Description.
- **Mobile-** Once you have entered your search terms, use the “Show Results” button to see your search results. Click the button again to hide them and go back to the search bars.

## Using the Shopping Cart

- As items are found in the Item Lookup tab, they can be added to the Shopping Cart on the next tab using the Edison ID.
  - Use “Add item by Edison ID” to search for each item and click/ add ✓ to add that item to your “shopping cart” list.

- Continue until all desired items are added.

\*If you are using the mobile layout, you can find the resulting cart list by clicking the “Show Cart” button. Clicking again will hide it to return to the filters.

- If you add an Edison Item ID which includes multiple items, you can remove any unwanted item(s) with that ID via their individual supplier part number with the “Supplier Part Number” filter
