MEDICAL LABORATORY BOARD

Licensee: Pamela Joiner, MT 22414, Maryville

Violation: Licensee, a medical technologist, provided professional services under the influence of alcohol. It is unlawful for any person, providing professional services while mentally incompetent, or under the influence of alcohol, a narcotic, or other controlled, dangerous substance that is in excess of therapeutic amounts or without valid medical indication.

Action: License is suspended. Respondent shall undergo an evaluation with the Tennessee Professional Assistance Program to employ their recommendations. If recommended to sign a TnPAP monitoring agreement, the probation of Respondent's license shall run concurrent with the monitoring agreement with TnPAP for no more than three years. By following the recommendations, the suspension will be stayed and their licensed place on probation for three years. If no monitoring agreement is recommended, Respondent license will be place on probation for three years. Respondent must pay actual and reasonable litigation costs.

Licensee: Lab Plus, LLC Saint Thomas West, License 2027, Nashville

Violation: Licensee, a medical laboratory, violated the rule and regulations of the Medical Laboratory Board listed as follows: the laboratory must have available and must follow written policies and procedures for each of the following, if applicable: methods used for the preparation of patients; specimen collection; specimen labeling; specimen preservation; and conditions for specimen transportation and specimen processing; such policies and procedures must assure positive identification and optimum integrity of patient specimens from the time the specimens are collected until testing has been completed and the results reported; the laboratory must establish and follow written quality control procedures, including but not limited to electronic quality control and internal quality control, for monitoring and evaluating the quality of the analytical testing process of each method; general quality control shall assure the accuracy and reliability of patient test results and reports; the medical laboratory director shall review all general quality control or may designate, in writing, the review to personnel meeting the qualification of those respective positions; the medical laboratory director shall retain the ultimate responsibility for the general quality control of the operation of the laboratory. In addition, the laboratory must meet the applicable standards in paragraphs 1200-06-03-.09(2) through 1200-06-03-.09(11); the laboratory must have one or more medical laboratory supervisors who, under the direction of the laboratory director, provide day-to-day supervision of testing personnel and reporting of test results. In the absence of the director, the medical laboratory supervisor must be responsible for the proper performance of all laboratory procedures and reporting of test results;

the medical laboratory supervisor... (2) Shall be on the laboratory premises at a minimum of thirty (30) hours per week and be readily available for consultations during all other hours when tests are performed.

Action: License is place on probation. Respondent shall self-report all cytology laboratory practice-related complaints associated with the deficiency previously outlined with fifteen days during the probationary period. Respondent shall self-report all cytology lab supervisory issues within fifteen days during the probational period. Respondent shall ensure that all laboratory personnel are appropriately licensed, if required. Respondent shall comply with all applicable statutes, rules, and regulations of the Medical Lab Board. Following the approval of this order, a representative shall appear before the Board and provide a report demonstrating compliance. Respondent shall comply with all the applicable statutes, rules, regulations of CLIA. Failure to comply with the terms of this order will warrant additional disciplinary and /or legal actions.
